OUTREACH NEWS

1-Minute Video Contest: The Science Around Us! Submit your own 1-minute video and be entered to win prizes! For more information and to see the categories for prizes and glory visit the Superheroes of Science web page: <https://lnkd.in/gaMPJYBp> Superheroes of Science is looking for the best video to represent [#Purdue](#) and inform high school students about the campus, degrees, your content, or just something awesome. Videos submitted between now and Spring Break will be entered into our Spring 2023 1-minute video contest sponsored by Purdue University Superheroes of Science. All submitted videos, and organizations submitting multiple videos, will be considered for a variety of awards. Winners will be announced after Spring

Break. Get filming, submit your videos to us, and be sure to watch, like and share your videos on social media - Good luck!

Don't forget to submit any activities you do with K-12:

NEWS/OPPORTUNITIES AT PURDUE

SPEAKER – AYLAMAMUKCU

10:30 – 11:30 am, Monday, Feb. 27

Ayla Pamukcu is from Stanford University
 In-person - HAMP 2201

SPEAKER – WUSUN

3:30 – 4:30 pm, Thursday, March 2

Wu Sun is a Research Associate from the Carnegie Institution for Science
 In-person - HAMP 1252

MS AND PHD EAPS STUDENTS BROADEN YOUR GRAD EXPERIENCE

For those MS and PhD students in EAPS that would like to broaden their graduate experiences while at Purdue, EAPS is affiliated with the Computational Interdisciplinary Graduate Programs (CIGP) at Purdue. While working toward a graduate degree in EAPS, graduate students can also have a concentration (specialization) in the area of Computational Science and Engineering (CSE). For more information, [click here](#). A short video about the CIGP/CSE program can be found [here](#).

Spring Application Deadline: March 1

Fall Application Deadline: October 1

STEM TEACHER RESIDENCY PROGRAM BECOME A STEM TEACHER IN 18-MONTHS

Purdue's Indianapolis STEM Teacher Residency program, in partnership with Indianapolis Public Schools, aims to strengthen the educational outcomes of students in one of the largest urban school districts in Indiana. We will prepare you to become a culturally competent, highly qualified teacher who will elevate student achievement in middle and high school science, technology, engineering, and mathematics (STEM). After successfully completing the program, graduates must commit to a three-year STEM-related teaching position with Indianapolis Public Schools.

GET PAID TO CONTINUE YOUR EDUCATION

- Stipend: \$46,500
- Program Cost: (\$16,875)
- Remaining Stipend for Living Expenses: \$29,625

100% ONLINE COURSEWORK AND IN-PERSON STUDENT TEACHING

- Master of Science in Secondary STEM Education
- Graduate Certificate in K-12 Integrated STEM Education
- Education
- Initial Teaching Licensure

MEETINGS/EXPOS/ OPPORTUNITIES OUTSIDE OF PURDUE

FREE COURSE PROVIDED BY THE ASSOCIATION FOR WOMEN GEOSCIENTISTS

Starting March 1, 2023 American Geosciences Institute, in partnership with the AAPG Foundation is offering AGI Member Societies FREE access to the Geologize online course, "Practical Geocommunication." This course, valued at \$400 per person, provides an excellent opportunity for geoscientists to become more effective and powerful public ambassadors for our field, something that is urgently needed. Given the challenges facing both our field and society more broadly, it has perhaps never been more vital to effectively communicate geoscience to the public and other stakeholders. The free offer is available for one year, so you are encouraged to take advantage soon!

How to get free access to the training:

- Go to the AGI [society landing page here](#).
- Click on the 'AGI Access' button
- Register for the course (free)
- Click on the link 'Have a Coupon?'
- Enter the code 'awg-agi-pggz-2324' to remove the price.

METEOROLOGIST INTERNSHIP OPPORTUNITY BAM WX.COM

Qualifications:

- College junior/senior or recent graduate in Meteorology/Atmospheric Science Program.
- Wants to join a fast paced, rapidly growing company.
- Growth driven and team oriented
- Open to transitioning from intern to part/full time.
- Familiar with radar/satellite, weather model data & Microsoft office.

Notes:

- 15+ hours/week
- \$10 - \$14 / hour
- Must be able to work in our Greenwood, IN office.

Apply by February 28, 2023.

Send resumes to vince@bamwx.com

[Company info.](#)

CROSSROADS ACCEPTING STUDENT ABSTRACTS FOR IU EARTH AND ATMOSPHERIC CONFERENCE

Crossroads 2023, is an annual Earth and Atmospheric Science departmental conference, organized by the Rho chapter of **Sigma Gamma Epsilon** at **Indiana University, Bloomington**. The conference provides a platform for students to present their research findings and showcase their work. As a department that shares a passion for advancing Earth Science research and education, we would be delighted to have participants from your department. We are particularly interested in encouraging your students to submit abstracts for poster and oral presentations. This is a great opportunity for them to showcase their research to a broader audience and gain valuable experience in presenting their work.

The conference will take place on **24th March 2023** at the **Geology Building, Indiana University Bloomington**. The poster and oral presentation competition would be in three categories, Undergraduate, Master's, and Ph.D. The deadline for abstract submission is **12th March 2023**. [Info about how to submit.](#)

If you have any questions, please [contact](#) Charles Salcido, conference committee chair.

25TH ANNUAL SEVERE STORMS AND DOPPLER RADAR CONFERENCE MARCH 23-25, 2023 IN ANKENY, IOWA

For more information on the conference, please see the conference website - [HERE](#).

Additionally, we are again offering two atmospheric science scholarships to deserving students in 2023. The *Tim Samaras Memorial Scholarship* is for students who are

pursuing a career in research meteorology.

The Pam Daale Memorial Scholarship is focused on students pursuing careers in broadcast or operational meteorology. **The award for each scholarship will be \$1500.** More information and the application form can be found in the links below:

- [Pam Daale Scholarship](#)
- [Tim Samaras Scholarship](#)

UNDERGRAD SUMMER RESEARCH OPPORTUNITY- THE UNIVERSITY OF WESTERN ONTARIO IN LONDON, ONTARIO, CANADA

Looking to hire two undergraduate students for a Summer Research Opportunity (<https://uwo.ca/>). The successful students must be U.S. citizens (due to funding constraints) and will join a group of Canadian and International summer interns who will work on various topics related to impact cratering processes and products. They will also participate in activities through the NASA SSERVI RISE2 team (<https://www.stonybrook.edu/commcms/rise2/>). Students will be provided opportunities to work on both individual and group collaborative projects. A variety of projects ranging from sample analysis to remote sensing studies are available and will be tailored to the interests and background of the students. All projects, however, will include research related to impact cratering processes and products on both the Moon and Earth. Students will have the opportunity to work on Apollo samples, lunar meteorites, and the world's largest collection of terrestrial impact crater materials (~8 km drill core, ~8,000 hand samples, and ~4,000 thin sections). Applicants should be in their final 2 years of an undergraduate degree in planetary science, earth science, or a related scientific discipline. Students who are completing their undergraduate degree in Spring 2023 are also eligible to apply. Students will receive a fellowship of US\$8,000 for the summer. The internship will start no earlier than May 01 2023 and end no later than August 31 2023, with durations of 12 to 16 weeks possible. Applicants should submit a CV that includes an outline of relevant previous research experience and courses taken, a list of publications and awards, and a 1-page statement describing their interest in the topics described above. Materials should be sent by e-mail to Dr. Gordon Osinski (gosinski@uwo.ca). **Review of applications will begin immediately and will continue until the positions are filled.**

COMING SOON! SPRING 2023 YOUNG VOICES OF SCIENCE PROGRAM

The Hubbard Brook Research Foundation will soon be accepting applications for the Young Voices of Science program during the Spring 2023 semester!

The application process will open on February 6th and close on February 27th.

- What: FREE science communication training and real-world practice for science scholars!
- Who: Graduate and undergraduate students in environmental (or similar) fields are eligible to apply
- When: Series of seven Zoom workshops held on Thursdays, March 9th through April 20th, 6:00 - 7:30 pm ET
- Where: Wherever you are, via Zoom!

Young Voices of Science Program Spring 2023 Class size is limited – Apply by February 27th!

The Young Voices of Science program consists of a series of expert-led workshops, each designed to prepare and empower science scholars to share their knowledge, concerns, and hopes for the future with the wider world, and provide a launch pad for public engagement, early in their scientific careers.

Workshop leaders are experts in public engagement with science, creative writing, storytelling, and science-to-policy outreach. Class size is limited to 20 participants; we ask that participants commit to all seven workshops and design and carry out at least one outreach project, with support from a staff mentor.

To learn more about our program, see YVoS Alumni and explore past outreach projects, [visit](#).

NAGT – 9TH ANNUAL EARTH EDUCATORS' RENDEZVOUS

The National Association of Geoscience Teachers (NAGT) is excited to announce that registration and abstract submissions are now open for the [ninth annual Earth Educators' Rendezvous, taking place in Pasadena, California, from July 10-14, 2023!](#) [registration](#), [programming](#), and [contributed program abstract submissions](#).

Register

Make sure you save your spot by [registering!](#) Register by the early registration deadline-- Wednesday, May 3--for the best rates. NAGT members receive \$100 off registration.

Learn more

Check out the [Rendezvous website](#) and [participant information](#) for more details.

STUDENT SCHOLARSHIP OPPORTUNITY

[Student Pathways Scholarship](#), **which has a deadline of March 1st, 2023!** This scholarship is a

one-time award of \$500-\$1000, depending upon the number of applicants, for students with disabilities pursuing fields of study within the geosciences. This scholarship is open to both full-time and part-time students and can be used to cover the cost of tuition, rent, bills, or other financial obligations they may be dealing with. The direct link to the [form is here](#), in case there are issues accessing the website.

INFINITE COOLING CLOUD PHYSICS

internship opportunity that requires grad-level experience/interest in experimental/numerical modeling. Infinite Cooling is an award-winning startup company, and our mission is simple: to mitigate the water scarcity around the world. We help power plants and other industrial processes reduce their water consumption and water treatment costs by recovering water from their cooling tower exhausts. We are a small team based in Malden, Massachusetts, and we are on a mission to be a global leader in the water services industry for power generation. Infinite Cooling has raised over \$16M in funding and has won the MIT \$100K, MassChallenge, the DOE national Cleantech competition and numerous other awards. We are looking for a sharp, tenacious, and creative R&D engineer intern to join our team and work on developing the next generation of our product. Strong communication, flexibility, and the desire to "wear many hats" will all be essential skills for a successful applicant. [Career and contact info here](#). To gain more info about this internship, [contact via email](#).

2023 COMMUNITY SOURCED DIRECTORY

We have launched the 2023 COMMUNITY SOURCED DIRECTORY of Research Experiences for Undergraduate - REU! This is to support students in finding powerful and well-supported Research Experiences. Furthermore - the directory includes many aspects of accessibility and identity that can help all our students. **A new column this year is if a program has opportunities for non-US Citizens.** [You can access v04 for Summer 2023 posted here](#). Subsequent versions will be posted ~weekly into March. While a majority of these are NSF funded, a growing number are funded by a wide range of organizations/institutions, and have a growing range of formats.

We recommend that users review the column headers (listed below), in order to help them find programs that fit their identities and needs, and

that they can reach based on their exams / university calendars. A student in a quarter program should avoid programs that start in early May, and vice versa for students in semester programs who need to be in class in late August/September.

PROGRAM CHARACTERISTICS

- ACCOMMODATION provided
- TRAVEL costs provided/reimbursed
- FOOD provided
- Overnight OFF-SITE travel required
- INTERNATIONAL - requires passport
- OUTDOOR field work
- Working on/in WATER - know how to swim
- DRIVING - license required
- COVID VACCINATION required
- OTHER

STUDENT CHARACTERISTICS

- Rising SOPHOMORES
- Rising JUNIORS
- Rising SENIORS
- 2-YEAR Coll. Students
- 4-YEAR Coll. Students WITHOUT grad program
- 4-YEAR coll. students WITH grad program
- Post Baccalaureate (with degree / already graduated)
- PRIOR Research Experience
- NO prior research experience
- TEACHERS or other professionals
- VETERANS
- MINORS (<18)
- NON US CITIZENS (opportunities available)
- OTHER

ACCESSIBILITY

- Encouraged Applicant Identities
- Have not made accessibility plan
- YES, accessible to DEAF / ASL
- MOBILITY-AID/ WHEELCHAIR
- Yes - GUIDE DOGS SERVICE ANIMALS
- Accommodate FOOD RESTRICTIONS

OTHER SUPPORT

- Stipend
- Describe additional supports provided by the program, which may include support for conferences attendance, early admission pathway to graduate program, support with research transition to senior thesis work, support for publication fees, etc.
- Describe the plan for the REU should COVID restrictions limit in-person/on-site activities.

**SCHOLARSHIPS AVAILABLE -
AWG BRUNTON AWARD AND
BRUNTON FIELD PROJECT AWARD**

The AWG Brunton Award and Brunton Field Project Award promote the future of field mapping and data acquisition for the upcoming generation of people whose gender identity has been historically underrepresented in the geosciences. Applicants should have a passion for and exceptional experience with field work, including internships, field camp, coursework with a field-based research component, or research. The AWG Brunton Award has been active for >20 years and provides Brunton compasses to 1–2 awardees each year. The AWG Brunton Field Project Award started in 2022 and awards a Brunton compass and up to \$1000 to support field activities to each of 1–2 awardees each year. [Learn more here.](#) **Deadline for entry is Dec. 15th of each year.**

**NWS FORECAST OFFICE IN PADUCAH, KY
SEEKING TO RECRUIT UP TO FOUR STUDENT
VOLUNTEERS FOR THIS SUMMER**

Student Volunteers Needed!
Volunteer at NWS Paducah During Summer 2023!
The National Weather Service in Paducah, KY, is seeking up to four student volunteers to help us with important projects and to experience working at an NWS office! The volunteer experience can be either virtual or in-person.

Qualifications:

- ✓ Be enrolled at least half-time in an atmospheric science or meteorology program at a college or university.
- ✓ Have completed your sophomore year.
- ✓ Be available to volunteer around 8 hours per week between June 5 and August 4, 2023.

How to Apply:
 Visit our website or scan the QR code:
www.weather.gov/pah/studentvolunteers
 Application deadline is March 10, 2023.

**MASTER OF ARTS IN TEACHING EARTH SCIENCE
RESIDENCY PROGRAM ACCEPTING APPLICATIONS**

[The Master of Arts in Teaching Earth Science Residency Program](#) in the Richard Gilder Graduate School at the American Museum of Natural History in New York City is looking for graduates with Earth and space science backgrounds (geology, mineralogy, paleontology, oceanography, astronomy, environmental geology, and more) who want to make a difference in the world of STEM education. This teaching fellowship combines coursework, mentoring, and real-world experience to prepare Earth and space science graduates for rewarding careers as culturally responsive middle and high school teachers. **All degree candidates**

will receive free tuition, books, and a \$30,000 living stipend. In return, candidates commit to teaching in a high-needs school for three years.

With a sole focus on preparing new Earth science teachers, the program is a full-time, 15-month Master's degree program that takes place at the Museum and in urban partner schools. We seek a student body with a passion for social justice and diverse life and career experiences.

We are currently accepting applicants for the class that will begin in June 2023. Prospective students are encouraged to attend an Information Session or to contact us for more information. You can also visit the program website to learn more and/or join our mailing list (make sure to click MAT for Earth Science Grads). For questions, you can contact the program office directly <mailto:atmat@amnh.org> or (212) 313-7464.

POSITIONS AVAILABLE- CAREER OPPORTUNITIES

**GRAND CANYON NATIONAL PARK –
HYDROLOGIC RESEARCH TECHNICIAN**

This position will work on a cooperative project between NAU and the National Park Service (NPS) regarding water sources and quality in Grand Canyon National Park. Work will be done in conjunction with NPS hydrologists and geologists and with substantial office time at NPS facilities in Flagstaff, AZ and frequent field trips into the park. Field trips are, on average, 4 days, but can last as long as 14 days (rare) and will include work in springs, streams, caves, slot canyons, and/or exposed arid lands. Frequent field work will require backcountry travel and long hours including work over weekends. [Link](#)

**MONTANA MESONET FIELD MANAGER,
MONTANA CLIMATE OFFICE**

The Montana Climate Office within the W.A. Franke College of Forestry and Conservation and at the University of Montana is seeking applications for an Applied Meteorologist/Mesonet Field Manager position. The Mesonet Field Manager (MFM) will oversee the installation and maintenance of climate monitoring stations (Montana Mesonet) across the state. The MFM will lead three Mesonet field crews: three full-time technicians and six seasonal employees in the construction and maintenance of the Montana Mesonet and ensure high-quality performance and operation of all stations. The Montana Mesonet is

being developed through a US Army Corps of Engineers (USACE) award to the Montana Climate Office. [Link](#)

TEACHER OF PLANETARY ATMOSPHERES - ISAE-SUPAERO IN TOULOUSE

The teacher-researcher selected will be attached to the DEOS department of ISAE-SUPAERO. She or he will contribute to the development and animation of research around their own themes. She or he will ensure the fundamental missions of a teacher in his field of competence (face to face teaching, management of teaching programs). She or he will also be responsible for maintaining and developing relations and cooperation with regional, national and international academic and industrial partners. [Link](#)

TENURE HIRE IN ATMOSPHERIC OR EARTH SCIENCE - IU BLOOMINGTON

The Indiana University Bloomington Department of Earth & Atmospheric Sciences invites applications for a tenure hire in Atmospheric or Earth Science with applications to planetary science, to begin in Fall 2023. Candidates should have research interests in planetary atmospheric modeling or some aspect of planetary geology and have links to one or more of our research strengths in atmospheric sciences, geophysics, surface processes, sedimentology, hydrology, crustal processes, isotopic analysis, paleoclimate, or biogeochemistry. This hire is intended to be at the Associate or Full Professor level, but outstanding applicants at the Assistant Professor level with a strong record of publication and external funding will also be considered. [Link](#)

GEOLOGISTS AND HYDROLOGISTS NEEDED – NEW MEXICO

The New Mexico Bureau of Geology is looking for geologists and hydrologists to work on important groundwater characterization projects in New Mexico. The [Aquifer Mapping Program](#) investigates both basin-scale studies and state-wide projects to provide water users and decision makers with valuable information on our state's water resources. The [3D Aquifer Mapping Project](#) in particular is looking for a hydrogeologist to join the team developing ArcGIS models of the shallow subsurface. Please see the attached flyer for more information or go directly to the [job posting here](#).

MULTIPLE POSITIONS OPEN WITH ENVIROFORENSICS

EnviroForensics is hiring! We're looking for motivated and collaborative individuals to join us as a Project Manager (Indianapolis or Louisville), Staff Professional (Indianapolis), Field Professional (Indianapolis), and Field Technician (Indianapolis). If you're interested in joining our team, visit our Careers and apply today! [Click here to apply](#)

ASSISTANT PROFESSOR OF ENVIRONMENTAL & GEOSPATIAL SCIENCES - WESTERN KENTUCKY UNIVERSITY

The Department of Earth, Environmental, & Atmospheric Sciences (EEAS) at Western Kentucky University is seeking highly qualified applicants for a 9-month tenure-track Assistant Professor of Environmental & Geospatial Sciences position beginning August 2023. [Learn more here.](#)

INDIANA EHS ADVISOR JOB POSTING

U.S. Compliance: Searching for high performing EHS professionals who want to make a difference. Join our fast-growing EHS compliance firm to help us **CARE** for people, **PROTECT** the environment and **GROW** our clients' business. [Link to posting.](#)

METEOROLOGIST POSITIONS AVAILABLE TEGNA

Multiple [meteorology positions](#) are open with TEGNA.

BRYAN ENVIRONMENTAL CONSULTANTS

Homewood, IL

SEEKING PART-TIME TO FULL-TIME POSITIONS

- Bachelor's or Master's degree in environmental engineering, civil engineering, geotechnical engineering, geology
- Knowledge of State and Federal environmental regulations a plus
- Experience with Phase I and II Environmental Site assessments a plus
- Strong writing skills
- Proficient in all Microsoft Office applications
- Must have cell phone and computer (laptop)
- Valid Driver's License

POST-DOC OPPORTUNITY - AIR FORCE SCIENCE & TECHNOLOGY FELLOWSHIPS

The National Academies of Sciences, Engineering, and Medicine administers postdoctoral and senior research awards at the U.S. Air Force Research Laboratory (AFRL), the U.S. Air Force Institute of

Technology (AFIT), and the U.S. Air Force Academy (USAFA) under the [Air Force Science & Technology Fellowship Program \(AF STFP\)](#).

Seeking highly qualified candidates who are U.S. citizens and hold, or anticipate earning, a doctorate in a variety of fields of science or engineering.

Application deadline dates (four annual review cycles): February 1, May 1, August 1, November 1

Awardees have the opportunity to:

- Conduct independent research in an area compatible with the interests of the Air Force laboratories
- Devote full-time effort to research and publication
- Access the excellent and often unique Air Force research facilities
- Collaborate with leading scientists and engineers
- Awardee benefits:
 - Base stipend starting at \$76,542; may be higher based on experience
 - Health insurance (including dental/vision), relocation benefits, and a professional travel allowance

Applicants should contact prospective AFRL, AFIT and USAFA Research Adviser(s) at the lab(s) prior to the application deadline to discuss their research interests and funding opportunities.

For detailed program information, to search for AFRL, AFIT, and USAFA Research Opportunities, and to contact prospective Research Adviser(s), visit www.nas.edu/afstfp.
